Storypark helps teachers, children and families:

- improve understanding of each child's interests and abilities so they receive even better support
- deepen relationships and strengthen communication
- share videos, photos and text capturing children's learning and development
- create a portfolio of your child's learning that travels with your child and can be accessed by you
- reinforce experiences and deepen children's learning
- capture family culture and heritage
- involve the children in their portfolio
- interact quickly and effectively through iPhone, Android and tablets
- create smooth transitions when your child moves from one teacher/centre to another.

You can choose to add your own stories or leave comments and feedback for children and our teaching team. You can also choose to share these stories with family members if you wish.
